

# Sail to Victory

## Alaska Republican Cruise 2022

### ALASKA IS BACK AND WE ARE SAILING TO VICTORY IN 2022

At the July 10, 2021, meeting of the Alaska Republican Party State Central Committee (SCC), the SCC chose the location of the 2022 State Party Convention. The choice was between Fairbanks or a Region 7-

sponsored *Convention at Sea* on a cruise ship. The vote was 43-32 to hold the biennial convention in Fairbanks.

*Alaska has over 144,000 registered Republicans. Our hope is that our State Central Committee members will share this information with as many Republicans as you can reach in your districts.*

Region 7 is happy to announce we are re-tooling our 2022 *Convention at Sea* proposal and the same round trip Seattle cruise from **May 14-21** will now function as a fundraiser to benefit our 2022 Alaska Republican State House and Senate candidates.

- Registration fee: \$222 per person
- Exciting seminars at sea
- Opportunities for Republican events in each port of call
- Visit several Southeast destinations with the convenience of packing/unpacking only once
- Enjoy all the activities, services and entertainment onboard our ship, Holland America's *MS Eurodam*
- Prices starting at \$1307 per person, for an inside stateroom, including all taxes and fees

## THE VESSEL TO WELCOME ALASKA REPUBLICANS IN 2022

Holland America Line's **Eurodam** is the perfect venue for our group cruise.

Built in Italy, the *MS Eurodam* was christened by H.M. Queen Beatrix of the Netherlands at Rotterdam on July 1, 2008 before embarking on her official 10-day maiden voyage

from Copenhagen. The *Eurodam* is 936 ft. long, carries 2,104 guests and cruises at 22 knots.

**Note:** Available for purchase are beverage packages, Specialty Restaurants, Shore Excursions and WiFi packages.

### CRUISE PRICE PER PERSON

*Based on double occupancy, including stateroom, taxes, and transfer fees payable through Specialty Cruises & Villas:*

**Inside Stateroom:** **\$1,307**

**Outside Stateroom:** **\$1,487**

**Balcony Stateroom:** **\$2,007**

*Note: The cruise experience is the same regardless of the stateroom chosen. Roundtrip Seattle airfare is not included. Transportation to and from the cruise terminal from SEATAC is included.*

Friday May 20	Victoria, British Columbia	Arrive 7:30 PM – Depart 11:30 PM
Saturday May 21	Seattle, Washington	Arrive 7:00 AM

## Juneau

Welcome to Alaska's Capital City! Juneau was founded with the discovery of gold in 1880, and mining continues to play a key role in its economy along with tourism, fishing, and government.

Whether you enjoy the political scene or the natural scenery, Juneau has something for everyone. Tour the State Capitol, take a

hike on a trail in view of the Mendenhall Glacier or stroll through historic downtown for some great shopping.

## Sitka

Located on Baranof Island, Sitka is the original Russian capital of Alaska, known as New Archangel. Its Russian influence can still be seen in the onion dome at St. Michael's Cathedral and at Castle Hill downtown. Fishing is a large part of its economy, ranking in the top 20 U.S. ports for pounds and value of seafood landed. Sitka's stunning coastal location in view of the dormant volcano Mt. Edgecumbe provides unique opportunities for outdoor recreation and enjoyment of the natural beauty of Baranof Island and the Pacific Ocean.

## Ketchikan

Alaska's "First City" is so named because it's the first major landfall for most cruisers as they enter the picturesque fjords of the Inside Passage, although on our cruise, it is the last port of call. Ketchikan is resource rich and Republican leaning. It has long been an important hub of the salmon-fishing and-packing industries and until recently had a strong timber industry. Ketchikan has remained a resilient community through building its tourism-related businesses.

## Hoonah

Tourism has revitalized this small fishing village with the opening

of **Icy Strait Point** in 2004. The Huna Tlingit are the original inhabitants of nearby Glacier Bay and were pushed to their current location of Hoonah by advancing glaciers during the last Little Ice Age. With abundant fish in the region, the Hoonah Packing Company built a cannery on the site over 100 years ago. Today **Icy Strait Point** is a testament to economic development that honors the past while creating jobs for the present and future of this charming town.
